## Air Duster - Flammable Dust Remover Model: PPC235

RoHS  
Compliant

### General Description

A high pressure liquefied gas aerosol that provides a powerful blast for the easy removal of dust and other loose contamination from electronics/keyboards.

### Benefits

- Powerful blast of clean 'gas' - no residue.
- Economical in use.

### Typical Uses

- Electronics and PCBs.
- Keyboards and control consoles.
- Optical devices.

### Precautions For Use

Extremely flammable - de-energise all equipment prior to use. Control or eliminate static charge. Refer to the material safety data sheet for this product.

### Specific Hazards

- Extremely flammable.
- De-energise all equipment.
- Do not use in enclosed areas.
- Ventilate area well prior to re-energising.

**Composition:** LPG

**Aerosol:** 400ml

### Application Method

To avoid discharging liquid propellant, the can must be kept upright when in use. Hold 10cm (4 inches) from the affected area and spray directly into it.
